MISSOURI TEACHERS ASSOCIATION.

Convention Held at Springfield November 14, 15, 16.

The Springfield Normal with its thousand students, Drury College with its increased numbers, the public schools with their 19 school buildings, 195 teachers, 7657 enrolled pupils of whom 1090 were in the high school, the Business College with its earnest students and the 4464 teachers attending the association all these made Springfield a good place for a teacher to be. Any teacher who failed to be there and hear lecturers by the ablest teachers of the United States, are unfortunate. I am informed that about 40 Barry county teachers did not attend.

Such gatherings will certainly raise the standard of education. I want to say for the consideration of the country districts, that the one greatest topic discussed, was how shall the rural schools be brought up equal to the approved high schools of the cities and towns.

JOHN SWINDLE.

LETTER FROM BRITISH COLUMBIA.

We have an interesting letter from Mrs. Chas. Beery who is at Chiliwack, British Columbia, where they spent the summer.

Mr. Beery is working on a work train in the mountains. She says—

"We are at present up in the mountains of British Columbia enjoying fish and wild game. We have had many pheasant, grouse, quail and deer. This road is building through new country and game is plentiful; only last week the train ran three deer down."

Mr. Beery has shot all his game from the train.

The greatest scenery is through this Northwest and especially this undeveloped country, although in this district the electric train does the same work of a regular train.

Cattle are very profitable especially dairying. A store keeper told me he knew men whose cream alone was bringing monthly thirteen hundred dollars.

Please send our paper to 937 5th St., San Deigo, Cal. On account of Mamma not being so well I will return with her for the winter."

HENS WON SILVER CUP.
Lester Howell's pen of Part-ridge Wyandotte hens at the Mountain Grove Experiment Station won a silver cup at the recent egg laying contest.

Mr. Howell went to Mountain Grove Thursday morning taking with him some more of his prize stock to exhibit at the show in progress this week. His birds never fail to win recognition wherever they are shown.

WANT LIGHTS AT NEW BRIDGE

The residents of the street west of the new concrete bridge on Central Avenue are agitating the question of having electric lights placed on each side of the bridge. They pay the same taxes as the other citizens but do not receive the same advantages. At the south side of the bridge no arrangement was made for a railing and the place would be dangerous on a dark night. Then too the bridge is much more narrow than the road and teams might experience difficulty in passing each other.

MENDON

We certainly are appreciating this fine weather and a great many are taking advantage of it for gathering corn.

Mrs. Clara Teel and children have returned to their home at Tulsa, after spending three weeks here visiting relatives.

Mr. and Mrs. Frank Hunnel, Mr. and Mrs. John Grissom transacted business in Mt. Vernon one day last week.

Mrs. Smith Todd was here two or three days last week visiting her four sons.

Mrs. John Todd's sister has been visiting with her a few days.

Frank Davis lost a cow Wednesday night.

The meeting at Liberty is progressing nicely with a crowded house. Some souls have been saved and many seekers are asking the prayers of the Christian people.

The shredder is traveling around pretty lively. Many are having their feed prepared.

Mrs. Peter Zinn has moved to Peirce City.

Mrs. Eva Zinn, widow of E. J. Zinn has moved to Stotts City. She lost her house and most of her goods by fire about two weeks ago. She carried no insurance.

Mr. and Mrs. Harris and children of near Monett attended church at Liberty, Sunday and then took dinner with Mr. and Mrs. John Grissom and attended the night service.

Mr. and Mrs. Frank Hunnel spent Monday in Peirce City on business.

It will soon be hog killing time. Oh, those good old back bones and ribs!

Thanksgiving is close at hand and we wonder if any one has a turkey. They are scarce in this vicinity.

Dodge here and dodge yonder is the whistle of the poor quails for they are shot at so much.

Mr. Nobody.
